

“ ANTIQUE BUYING TOURS ” TO AMERICA

ANTIQUER *dealers*

✧ Double Your Money ✧

For many years, “Old England Tours” have been organizing and accompanying American antique dealers and collectors on buying trips to England. Just a few years ago, I would not have dared to suggest buying antiques in America and shipping them back to England and central Europe would be probable or profitable.

Recently, the pendulum has swung and we are finding more English and European dealers searching the American markets for hidden bargains and finding them.

To reciprocate our English buying tours, we have combined our 20 years travel and antiquing experiences to produce “*Antique Buying Tours*” to America.

Our **Georgia and Florida “Antique Buying Tour”** Commences antiquing on the outskirts of the metropolitan area of Atlanta in the heart of Georgia. We travel to the historic districts of Savannah, Macon and the ancient city of St Augustine Florida, antiquing all the interesting and historic places in between.

Our **Florida “Antique Buying Tour”** commences in Orlando and quickly moves up to antiquing in St. Augustine Florida, Savannah Georgia and to the

massive West Palm Beach antique show, antiquing in some unusual and beautiful places in between.

Our tours will include a personal welcome at either Atlanta or Orlando airport with coach travel throughout the tour. Hotel accommodations will include continental breakfast and evening dinner each day (no single person supplement if traveling alone), all entry fees and admissions to the fairs, shows and historic sites visited on our itinerary. Boxes, bubble wrap, tape and shipping labels will be supplied. Merchandise will be collected and transported to our warehouse in North Florida.

USA to UK Shipping to business or home can be arranged.

To offer you more flexibility in air transport, return airfare from the UK or Europe to Atlanta or Orlando is not included in our tour price. We find many people have accumulated sufficient travel miles or wish to extend or combine our tours with other business or pleasure visits. We would be most willing to assist with flights, travel insurance or other activities before or after our tour, if required.

Please visit our website, call or email to request our brochure with itinerary and tariffs.

Regards, Mike and June Pennington
